It is suggested that organizations consult with the Catering and Events Office staff for assistance and guidance in planning any major event.

I. Eligibility

Anyone wishing to reserve space in the Purdue Memorial Union or Stewart Center must contact the Catering and Events Office at 765-494-8908 or email the Calendar Office with the reservation specifics at calendar@purdue.edu or call 765-494-7230. All others wishing to reserve space must meet the regulations found in Purdue University Policies: Use of Facilities: Policy IV.B.1.

II. Tentative Holds

Tentative reservation holds will be accepted and honored only for a maximum period of 14 calendar days. A hold will automatically be cancelled on the 15th day unless an extension is requested and granted. If there are additional inquiries for a space during a tentative hold, a waiting list will be established and priority will be given if the space is released.

The following must be completed to change a tentative hold to a confirmed reservation:

- A. Recognized Student Organizations must submit a completed and approved Student Organization Activity Planning Form available on [BoilerLink](#).
- B. Community, Private and Corporate (Non-University Groups) must submit the required deposit by 5:00p.m. on the 14th calendar day from the date requested. The deposit is equal to the established room rental rate.
- C. University Departments must provide billing cost center and fund number.
- D. University Conference Division events must be confirmed and calendared to be official.

III. Deadline for Scheduling

All space requests must be received a minimum of two business days before the event date. If space is requested and available less than two business days from an event date, requests will be granted only for the room as a standard room set. This must be confirmed through the Catering and Events office during regular business hours. Permission and access may be granted after-hours by a Building Manager on duty. If permission is granted after hours, the organization will be asked to provide a primary contact for verification purposes and a copy of their PUID will be made for verification. If the room is altered from the current set-up, fees for misuse of room and/or disciplinary action will be assessed accordingly.

XIV. Procedure for Political Campaigning Outside PMU/STEW Polling Places on Election Days

Background

As recognized by well-established constitutional principles and Purdue University's own statement of Commitment to Freedom of Expression, the University may reasonably regulate the time, place, and manner of expressive activity to ensure that it does not disrupt the ordinary activities and functions of the University.

As a public service to its state and its community, Purdue has historically made certain locations available on its West Lafayette campus to serve as polling places on election days. While the University is pleased to support and facilitate

the election process in this manner, it is also mindful of the fact that it, like any public institution of higher learning, must retain the ability to regulate the use of its facilities in furtherance of its educational and research mission.

In order to ensure that political expression may occur at locations that Purdue has made available as polling places, while also ensuring that an appropriate educational environment is maintained within its facilities, Purdue has established the following procedure for political campaigning outside polling places at the Purdue Memorial Union (PMU) and the Stewart Center (STEW) on days when voting takes place.

Procedure for Political Campaigning Outside PMU/STEW Polling Places on Election Days

- A. If the polling place is in PMU 118, campaign signs may be stuck in the ground OUTSIDE PMU near the Grant Street entrance on days when voting takes place.
- B. If the polling place is in STEW West Foyer, campaign signs may be stuck in the ground OUTSIDE STEW near the west entrance on days when voting takes place.
- C. Recognized Student Organizations may campaign on these days from behind their reserved tables in PMU or STEW, but such activity may only take place if it is 50 feet or more from the polling place (or is otherwise consistent with state law prohibitions on campaigning in the “chute” at polling place).
- D. Person-to-person campaigning may freely take place outside of both PMU and STEW on days when voting takes place (as long as it is also outside the “chute” established by state law).

XV. Display Cases

Display cases in Stewart Center are available to Recognized Student Organizations and University departments on campus. Reservations are for a weekly time frame starting each Monday (keys can be picked up after 3:00pm) and ending each Monday (display must be taken down, cleaned out and key returned before 12 noon). Reservations may be made in the PMU Catering and Events Office, 765-494-8908.

We also have a select number of display cases that are assigned on a yearly basis through the Purdue Student Union Board, 765-494-8976. Applications and assignments for these are made in April each year. Special rules and regulations apply for these cases; please contact PSUB for more information.

Refer to the Display Case policy at <http://www.purdue.edu/purdue/search.html?q=display%20case>
